## **Veterans Promise**

***I Promise, to you the Veteran and our Active Duty Personnel of the United States Armed Forces of America to:***

Faithfully protect your rights as a citizen of the United States and ensure that you are treated with the Dignity and Respect you so deserve for serving our Nation in times of Peace and War.

In respect to your commitment to serve and protect the Constitution of the United States from enemies both Foreign and Domestic, I commit to protect and uphold those Constitutional Rights and the benefits you deserve regardless of any consequences that may happen because of my commitment to you, your benefits, and your needs.

I further promise to listen to your concerns with an open mind and act immediately to correct any problems and issues that arise for Active Duty and Military Veterans. I will correct any promises made, but not kept, by our Federal and/or State Governments with the same passion as if I were as directly affected by the problem or issue.

Lastly, during my term in office, I will be willing to lead any legitimate proposal to assist Veterans in their fight for the rights granted and promised by the United States of America
